

## “What’s the Oldest Thing in Your Home?”

The American Antiquarian Society proudly displays a printing press that was made in London in 1747. Isaiah Thomas brought this press to Worcester where he used it to print the first reports of the battles of Lexington and Concord.

What is the oldest thing in your home? Describe it, its condition, and where it is kept.

---

---

---

---

---

What is its history? Write all you can about where it came from, how it was used, and the important people who used or kept it.
